# Karnov Group appoints new Chief Financial Officer

---

Karnov Group AB (publ) has appointed Jonas Olin as the new Chief Financial Officer of Karnov Group. The decision follows Dora Brink Clausen's desire to resign from her position as the current Chief Financial Officer of the company, in order to pursue other opportunities outside of Karnov Group. Jonas Olin will assume the position on March 1st, 2022.

"For the last eight years, I had the privilege to be the CFO of Karnov Group, a job that I found absolutely fantastic. I am very proud of what we have accomplished in those years and that I have been involved in a short part of Karnov's long history. It has nevertheless been a very interesting part of the company's history, with many important milestones. Among those milestones we had two ownership changes where the last one ended up with Karnov being publicly listed on Nasdaq Stockholm's main list in 2019. In this time, we also acquired or invested in more than ten companies around in the Nordics. One of those acquisitions, Norstedt Juridik in 2018, required a lot of post-merger and integration efforts and was a lot of work also on our end. Over these years we have worked very hard internally which has resulted in improved financial numbers and also in more professionalized internal processes along the way. This makes me proud of how we have worked especially in our finance department. I think that now is a good time to hand over the role to Jonas Olin, who will continue building the next part of Karnov history", says Dora Brink Clausen, outgoing CFO of Karnov Group.

"I would like to thank Dora for the great work that she has done at Karnov Group and the strong team that she has built. She has been a key player in the transformation of Karnov Group. I am grateful for the time we had together as a team and for the introduction that she provided me with as the new CEO for Karnov Group. On behalf of the company, I would like to wish her the best of luck going forward", says Pontus Bodelsson, CEO of Karnov Group.

"We are also very pleased to have appointed Jonas Olin as the new Chief Financial Officer of Karnov Group. Jonas has extensive experience from different financial management roles, among them as CFO. He is a great addition to the management team and will contribute with his strong leadership and financial management skills", adds Pontus Bodelsson.

Jonas Olin has most recently held a role as a strategy and finance director at Resurs Bank and as CFO at Resurs Holding. His experience includes building up finance functions in international environments, working for ambitious owners and taking companies public. Jonas also has extensive experience from mergers and acquisitions. His formal education includes a Bachelor's in economics and Business Administration from University of Lund.

Jonas Olin will join the company on December 1, 2021 and will formally assume the role as Chief Financial Officer on March 1, 2022. Dora Brink Clausen will remain in office until February 28, 2022.
